

## INVITATION

### Interregional Projects Contest "Young & Competent - ySkills - From school to dream job"

The interregional campaign "Young & Competent - ySkills - Connecting youth to the green & digital economy" is part of the interregional cooperation activities, implemented together with ED Panevezys (Lithuania) and ED Szolnok (Hungary). This year's activities are dedicated to the European Year of Competences 2023 (EYC 2023).

As part of this campaign, we launch a projects contest "Young & Competent - ySkills - From school to dream job" where we kindly invite you to promote an innovative project or initiative implemented by your school/organisation that had its main concern on development and professional orientation.

We would like to involve youth in identifying the needed competences to adjust to an ever changing employment market, raise awareness concerning the opportunities offered by EYC 2023, promote projects and actions to support the development of competences, career guidance and support team work while developing skills and competences for a green digital transition.

**The winners** will be decided based on the public online voting. The team that has obtained the highest number of votes on the Facebook page of Europe Direct Maramureș will be declared as winner.

To this respect, we kindly invite you to read the rules of this contest and **to fill in the participation form, hereby attached. The deadline for submission is the 9<sup>th</sup> of June 2023.**
